

Voodoo Woman (The New Orleans Mysteries Book 1)

VOODOO WOMAN Seduction and murder in the city of New Orleans. Once a killer for hire, Willie Rae Flynn turned her back on this profession and now makes her living as a private investigator in the city where the good times always roll. For Flynn, the need to keep her past secret means that she must live a solitary existence in which she denies herself anything but the most fleeting contact with other women. Then a client is made the victim of a brutal ritual murder and Flynn is drawn into the investigation. Finding herself exploring the dark underbelly of Voodoo that few know exist and which demands that the good times be paid for in blood, Flynn is forced, by the actions of a crazed mambo who thinks she can control the old gods through human sacrifice, to enter into a pact with an FBI agent who hunts her, in order to save the life of the woman she loves but is afraid to have a relationship with.
